Some Things You May or May Not Need to Know.

- New in 2009! You must use a hands-free device when using your cell phone and driving in Ontario.
- 15% charge on unpaid bills at time of departure.
- \$100 charge (each way) for towing boat.
- Limits may have been reduced. Please read the regulations.
- Pack worms in bedding not dirt.
- Do not use radar detectors in Canada. They are against the law and will be confiscated. The Ontario Police use RADAR DETECTOR DETECTORS.
- Hand guns are not allowed in Canada.
- The speed limit on reserves (you may pass through 1 or 2 on your way to camp) is 60 kilometers (35 mph).
- If you would like a list of other means of transportation ie. flying, bus, or limo, to our camp, please let us know. We can give you info. or quote you a price.
- If you would like extra brochures, let us know how many. We would be glad to mail them to you.
- We will be offering a chance to see more of the lake you are fishing. A flying service out of Nester Falls is in our area regularly. He has given us good rates for short sightseeing trips around our area. See more information in the rate section.
- If you bring a dog, bring a portable kennel with you. Dogs should not be left unattended on the island.
- **Ontario regulations have been designed to insure the best fishing anywhere in the world.** Our staff will be checking that these regulations are strictly maintained. Please do your part to exercise good sportsmanship.
- SPECIAL DIET? If you have any special dietary requirements, please let us know in advance so we will be prepared to meet your needs.
- We recommend you pack your rods in rod holders. We handle them 8 times from your car and back. We are not responsible for breaking unprotected rods.
- It is against the law to carry open liquor in your boat.
- Steel shot is required in Canada.
- Guns must be registered at the border prior to bringing them into Canada.
- If you are serious about catch and release, please consider this. **When a fish is brought into the boat it is no different than you running a marathon and being told to hold your breath. When you bring a fish into the boat, start holding your breath. Put the fish back into the water before you start breathing again.**

GRASSY NARROWS LODGE

2010 Edition

Div. Morson Outfitters Inc.

The year of 2009 has come and is almost gone....

Jerry and Betty Fisher

I just can't believe how fast time flies. In spite of the bad economy in Canada and the US, we managed to have a good year. It was a lot of hard work, especially with two resorts to run, but with the help of some hard working people behind us we did good. Speaking of those hard working people, I would like to thank our staff. Rueben, Oliver and Fred, our three full-

time guides. They are always there for us and our guests. They all have been with us for many years. We all remember Oliver's first day and some very funny other days. Thank you guys very much for sticking with us all these years. The girls were my right hand. Ila and her great cooking, Kathleen and Lollie cleaning those cabins. Lollie has been with us off and on for over about 17 years. Thanks Lollie for your loyalty. And what can I say about that cute, bubbly waitress, Alicia? What a great asset to our staff. She keeps us laughing and loves the guests. Thanks Alicia. And our newcomer this year, Darrell, who was outstanding taking care of the dock and our guests. I heard only good things about him from all of our guests. Grassy lucked out having him as dock maintenance man. Hopefully we will see all of these great people back next year. Thanks staff.

What can I say about all of our loyal and great guests? Especially the ones that continually support us. I was just thinking and I remember when Nate Green first came to Grassy. He was 4 1/2 months old and today he is attending University of Southern California. Wow - where did that time go? His father and mother are Larry and Janet Green of Chicago and we would like you all to remember Larry in your prayers, he is in need of a kidney transplant. The sad thing about this business is we all eventually age and can't make the trip anymore. We have several of our old guests and friends that are in that position. But I try to keep in touch by email or phone. We are always grateful for knowing them, especially Doc and Shirley Montgomery...what fun everyone had when they were in camp.

We have a lot of new guests and it is very exciting to learn all about them and their families. One of them who lives near our winter home in Union Grove, Patty Glas, brings such humor to Grassy. If you remember last year, she wrote this cute fish slip about a mouse in their cabin. Now she catches a 50-inch muskie (mudkey as she says) while fishing for walleye. Look for her picture on our website. We can't wait and see what she does next visit. One of the things that are so great are the young children that are coming with their families. They are just the greatest. If they are not fishing, they are making new friends and catching frogs and feeding the chipmunks. They are all so well mannered and that is a compliment to their parents.

The fishing was great this year, but the weather wasn't. It was a cool, windy and rainy summer. The snow started flying in October. When we left the island there was snow on the ground and it was cold. Brrrrrrr

Now we are looking forward to 2010. What kind of year will this be? Well, we hope most of you or all of you return and make it a wonderful year. And that we make some new friends also. If you don't have a reservation already please give us a call or email. We will look forward to laughing and hearing all the good fish stories with you.

We would like to wish you all a very Merry Christmas and the best New Year ever.

Jerry and Betty Fisher
Grassy Narrows/Tamarack Lodges

Grassy Narrows Lodge

Short cuts

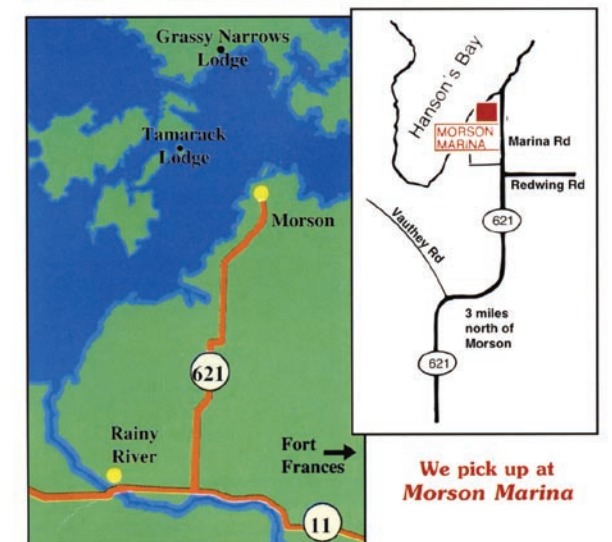

You may want to try these alternate routes to Grassy Narrows Lodge.

Duluth to Morson.

2 West to 46 West to 1 West to 72 North to 11 to Bridge.

Minneapolis to Morson

10 North to 371 North to 2 West to 71 North to 72 North to 11 West to bridge.

We pick up at Morson Marina

BORDER CROSSING:

When you **cross the international border** either at Baudette/Rainy River or International Falls/Fort Frances, please call us at **(807) 488-5810**. The cruiser has ample time to meet you at the Morson Marina Dock. **No bridge toll at Rainy River Crossing.**

GRASSY NARROWS LODGE

Mike O'Leary, Madison WI, 29" Walleye

Tim Roesler, Tulsa, OK, with his 42" Northern

Pat Glas, Union Grove, WI, 50" Muskie. Guide Fred

Muskie

Another great year for Musky. Now that the limits are at 54" we have seen more and larger Muskie.

Northern

Another good year for Northern. Successful Northern reproduction has been extremely sensitive to water levels. It seems like water levels particularly in the spring have been maintained to protect spawning and breeding areas.

Walleye

New regulations in particular the 1 over 18 have done miracles to the Walleye populations in Lake of the Woods. The warmer weather has also produced phenomenal year classes over the last few years. Everyone is catching good size Walleyes and releasing them.
